#### ***Here's what one professional speaker has to say about Samantha's motivational presentations:***

*“Samantha and I have similar messages – encouraging people to live life to their full potential. Yet, when I hear Samantha speak I am inspired to reach even further and dream bigger! Samantha is well read and combines her studies with her own life experiences to really capture your attention and motivate you to truly live a life of abundance!”*

## *Samantha's Profile*

*Samantha* graduated from Queen's University in Kingston, Ontario, Canada with a degree in Electrical Engineering in 1958. After thirty-five years travelling and living in countries all over the world, she retired to Ottawa and set up her own computer related business.

It was during her post-travelling years that she started questioning her purpose in life. She read voraciously and started attending life improvement seminars whenever she was able to get away. It was through authors like Dr. Wayne W. Dyer, Esther Hicks, and Amit Goswami that she began to see herself and this Universe, of which we are all a part, all connected. It was with the aid of authors such as Wallace D. Wattles, Napoleon Hill and Bob Proctor that she was able to start accumulating wealth, and it was through Wattles that she discovered her purpose in living.

How many of you know what your purpose in life is?

*Samantha* says, ***“My purpose in life is to share with others the means whereby they can learn to create their own world and enjoy an abundant life.”***

*Samantha* has over twenty years experience in training and public speaking, and for the past seven years, as a personal life change coach, has changed the lives of many. As a certified PSYCH-K<sup>®</sup> Facilitator she is able to assist anyone in cutting through the confusion in their lives, and in reversing the harmful subconscious programming which has kept them from the life they really want. With her help anyone can rewrite the deeply hidden programming in their subconscious, and can change the results they are getting in their life, their future.

An enthusiastic, well read and well informed individual, her dynamic style will capture your complete attention and hold it!

*Samantha* offers the opportunity to succeed in life through this new technology which is astounding the world. Private sessions with her are available by contacting her directly through her personal web site at <http://samanthaperrin.ca> .

A life of riches awaits you!

## Why

There is more to this Universe than we will ever know. What I do know is that there is no “pie” of which we have to scramble to get a piece in this life. It is a known fact that 96% of all the money being earned today is being earned by only 1% of those earning money! The rest are, indeed, scrambling for the 4% that is left. That need not be the case.

It's not a case of the few hoarding wealth so that the rest of us are unable to enjoy the good life. It's that the average person is totally unaware of the riches that await them! There is more than enough to go around, despite what you have been lead to believe by bankers, lending institutions, your parents and your friends. The only person denying you the success in your life that you really want is you. Yes, you!

I feel that the life I enjoy should be available to all, not just the wealthy, comfortable few.

A life of riches awaits you!

## What I Do

There is an *Exact Science* to applying the *Law of Attraction* in building the life you seek, but you won't find it in "*The Secret*".

Through the use of in-depth study seminars, periodic news letters, and individual coaching sessions, partially based on Wallace D. Wattles' book, "*The Science of Getting Rich*", and partially based on changing your life through the use of *PSYCH-K*<sup>®</sup> at *The Life Abundant* I will lead you along the pathway to the life you really want.

Using Wattles' scientific approach, and following the directions detailed in his book, in which the author claims that getting rich is as certain as "two plus two equals four," the pathway to doing things in *The Certain Way* will be laid bare before you.

And through the use of *PSYCH-K*<sup>®</sup> you can overwrite bad programming, hidden deep within your subconscious, which is holding you back from the life of your dreams.

You will be able to apply your newfound knowledge to:

- live a healthier lifestyle;
- become the person you want to be;
- improve your interpersonal relationships; and in the process,
- become wealthy!

**My job is to help get you there.**

A life of riches awaits you!

## Life Change Coaching

Are you living the life you really want to live, or are you living the life you feel you have to settle for? Is your income where you really want it? Is your life unfolding the way you feel you really would like it to be unfolding? Is your health what you would like it to be? The answer to these questions is, in all probability, “No”.

How about your relationships? Could they be better?

### **Your life is a reflection of your beliefs!**

Your life is really a reflection of your beliefs, beliefs probably programmed into your subconscious mind before you were six years old. Your subconscious mind constitutes your paradigm for living, and bad programming at an early age leads to behaviour which is self-defeating throughout life.

So, to change your life, your future, you need to change the beliefs stored away in the far reaches of your subconscious mind.

Conscious thought can be changed at will, but changing bad programming at the subconscious level is very difficult, if not impossible, to do by yourself.

It is a scientifically proven fact that the conscious mind is active only 5% of your waking hours. The rest of the time your subconscious mind is “in the driver’s seat” and is totally running your life! Almost no one realises this!

### **Change is possible!**

Whichever area of your life you feel needs changing, change is possible. No matter who you are, no matter what your past circumstances, no matter how you feel about yourself, if you feel the need for something better in life, or a better life overall, you can make those changes!

.../2

As a highly trained and certified PSYCH-K<sup>®</sup> Facilitator I am able to assist you in making the changes you so badly want. With my help you *can* rewrite the programming hidden deep in your subconscious, and you *can* change the results you are getting in your life!

To set up an initial screening interview, or to book an appointment, just send an email to me at [samantha@lifeabundant.ca](mailto:samantha@lifeabundant.ca) . I can guarantee that PSYCH-K<sup>®</sup> will change your life, and will do it amazingly fast!

A life of riches awaits you!

## The Book Study Seminar

This ten session detailed study of Wallace D. Wattles' book, "*The Science of Getting Rich*", is intended for men and women whose most pressing need is for money; who wish to get rich first, and philosophise after. It is for people who have, so far, found neither the time, the means, nor the opportunity to go deeply into the study of metaphysics, but who want prosperous results and who are willing to take the conclusions of science as a basis for action.

Meeting for two hours per session, small groups of about five people study and discuss, paragraph by paragraph, Wattles' mental and spiritual, down-to-earth, clear-cut and practical guide to getting rich.

### Materials Provided

With possible minor exceptions, all materials needed for the course will be provided. Items such as:

- ◆ the book, "*The Science of Getting Rich*";
- ◆ a study work book;
- ◆ study notes;
- ◆ private web site access; and
- ◆ session memory cards,

are provided at a cost so reasonable that anyone, regardless of circumstances, is able to attend.

## Course Fee

A sliding scale up to \$220.00 pre-registration fee, depending upon the situation, plus \$10.00 per session to cover the cost of course materials for that session.

## Aim / Purpose

The aim of the study is to share my knowledge about the science of getting rich, based upon a detailed study of the subject over a seven year period. In so doing, I aim to instill in others the desire to pursue a radically different path in life, one based upon the principles of creativity and cooperation, as opposed to competition. I will show that there is no “pie” of which one has to scramble to get a piece, and that there is more than enough of everything for everybody, regardless of their present circumstances or environment.

The course does not give the attendee a step by step plan for getting rich. It does not offer a “get rich quick” solution to life.

It does provide a detailed study of the Laws governing the Universe which can be applied to any aspect of one’s life, including the accumulation of wealth.

## Objectives

At the end of the book study the attendee will:

- ◆ Be aware of the fundamental, and the seven basic subsidiary, Laws governing the Universe which apply to this study.
- ◆ Understand the relationship between the mind and the body.
- ◆ Know how to use the will to change the way they approach life’s problems and obstacles.
- ◆ Know why creativity beats competition, hands down.
- ◆ Know the mechanism by which riches come to an individual.
- ◆ Know how to apply effective action in getting what they want.

## Here’s what previous participants have said:

*“The layout with the included study notes helped me to focus on listening and processing as opposed to trying to record all your thoughts and connections. This also helped me to make my own personal connections.”* Kathy M.

*“You did an amazing job rewriting this book. I found the new format much easier to follow and was therefore much more excited about the study.”*

*“The most important things I learned from this book study was there is enough for everyone, and with some work, positive thoughts I will produce the energy to get what I want.” Amy C.*

*“You have been a good facilitator. You were able to balance the needs and abilities of a varied group effectively.*

*“The most important thing I learned from this book study was the concept of getting rich in a creative manner rather than a competitive manner without harm or pettiness to anyone.*

*“Creating wealth in such a way that everyone can benefit is, for the most part, contrary to popular culture. Add to that gratitude as a consistent practice to elevate our potential and improve our experience of life is inspiring to me.” Madeleine W.*

### **Location**

Depending upon the makeup of the study group, sessions are held in the home of one of the participants in the Ottawa, Ontario, Canada area, or at the home office of The Life Abundant. Groups which are within a one hour drive of the home office can also be accommodated.

For groups further afield, travel, overnight accommodation and other reasonable expenses are necessary.
